

300 Series Clamp Meters

Rugged. Reliable. Accurate.

The new Fluke 302+ and 303 come with all the rugged, reliable and accurate features you have come to trust, in a small, ergonomic design. The innovative body design offers a more compact tool to meet your needs. With features of AC current measurements upto 600 A (303), a large 30 mm jaw opening and CAT IV 300 V/CAT III 600 V safety rating, you get an easy-to-use tool that handles your everyday electrical maintenance needs.

Features

- 600 A AC current Measurement (303)
- 400 A AC current measurement (302+)
- Cat IV 300 V/CAT III 600 V safety rated
- 30 mm jaw size for multiple applications
- Resistance range upto 4kΩ
- Slim, ergonomic design is easy to carry and simple to use
- Easy to read backlight display

**Fluke 305
coming soon**

The Fluke 302+ & 303 AC clamp meters have compact, ergonomic design, making them comfortable to use all day. The new clamp meters offer a wide jaw opening of 30 mm for easy current measurements of high current cables & conductors while the slim & compact body ensures ease of usage even in tight spaces. The clamp meters are ideal for electrical engineers / technicians who need to take a wide range of current measurements in residential, commercial and industrial installations.

Fluke 302+ & 303 clamps also have additional features like AC/DC voltage up to 600V, resistance measurement up to 4000 ohms and Continuity check. They also offer a large & easy to read backlit LCD display for readings in low lighting environment with a data hold function for saving measurement results. Large size jaws (30mm) make it possible to measure bigger size conductors / cables comfortably.

The Fluke 302+ & 303 Clamp meters are safety rated to CE EN/IEC 61010-1 and IEC 61010-2-032 measurement types: CAT III - 600 V, CAT-IV -300V and are rated IP40. These new clamp meters come equipped with Fluke TL 75 test leads set.
